

## J-Kamp 2014 Guided Archery Deer Hunts

Wide Rack Outfitters has expanded our Trophy Whitetail Deer Hunting operation with the addition of the gated private 2000 acre property we have named the J-Kamp. We are really excited about this property. This hunting area is located about 35 miles from the Main Camp in Jackson county Ohio. This will be a guided hunt. We will provide pre-set stands, in-field transportation, in-field game care and retrieval. You will be responsible for your own game processing. We have at least two processors we recommend. We maintain an intense mineral program for the bucks and the doe on this property. We also will be supplemental feeding the deer prior to your arrival along with keeping a close eye on the deer movement and activity with our many game cameras. You will need to provide your own meals, lodging, safety gear and hunting equipment. We currently have been using the Red Roof Inn, located 9 miles from the property. If you wish to bring your camper there is a full service camp ground 1 mile from the property, or you can stay right on property where we do have electric but no water or sewer. We have secured a long term lease and plan on managing this property in the same manner we manage our other two camps. We will not over hunt the deer and we will maintain a 125 Pope & Young minimum. Wide Rack Outfitters wounding and small buck policy is in effect for this property. See this policy on our website, [www.widerack.com](http://www.widerack.com). This property will be like all other Wide Rack Outfitters properties (Archery Only for Deer). We will offer the weeks below for this year and will book only 5 hunters on this 2000 acres each of these weeks, unless a group of friends and family wish to book the area just for themselves, then we know it would work out well for 6 hunters. If you are a serious bowhunter looking for a place to hunt your next or first Pope & Young Buck, then we here at Wide Rack Outfitters believe the J-Kamp is a perfect fit for you and your partners. By the way the Turkey hunting is just as good as the deer hunting. We will be offering Turkey hunts next Spring. GBTA! Mike Connett, Wide Rack Outfitters.
